New England Agents
for Challenge Co.

Mr. Frank E. Whipple,
17 Austin St.,
Milton, Mass.

Dear Frank:

The United States Revolver Association is
to send a team to Milan and I have just received a
request from Dr. Sayre that we make a donation.

I would suggest that both the clubs
donate \$50.00 to \$75.00 rather than calling on the
individual members for subscriptions and wonder how
this strikes you.

Will you please arrange to call a meeting
of the club at your earliest convenience so that we
may pass on this matter as the United States
Revolver Association are particularly anxious to
receive the donations as soon as possible.

With kind regards I remain

Yours very truly,

W. E. Fennell
